

### Trampolines

The selection of colours for play equipment is an important part of the design process, and should take into account the proposed user group and the surrounding environment. There are different colours available for the trampoline mat, and they can be selected to either match or contrast with the surrounding surface, according to personal preference. Please note that colours are subject to availability at time of order, and there may be extra costs and longer lead times for some colours.

---

#### TRAMPOLINE MAT COLOURS

Different sections of the mats can be manufactured in different colours to create pictures.
